Attachment: Replacement Sheet

REMARKS

Enclosed herewith are a replacement sheet and a Sequence Listing in both paper and computer readable form (CRF) as required by 37 C.F.R. § 1.821(c) and (e). This submission corrects the errors noted in the Notice to Comply dated May 28, 2009. The Sequence Listing also includes the current application information per US practice. The specification has been amended to insert the attached paper copy and CRF of the Sequence Listing and/or to replace the Sequence Listing of record. Support for such can be found in the originally filed application. No new matter has been added. Accordingly, the submission complies with 37 C.F.R. § 1.821(g).

The content of the paper and computer readable copies of the Sequence Listing are the same, and thus this submission complies with 37 C.F.R. § 1.821(c) and (e).

The attached Sequence Listing was run through the USPTO Checker software (Version 4.4.0) (October 25, 2005) and no errors were found.

In view of the foregoing, it is believed that each requirement set forth in the Notice has been satisfied, and that the application now complies with the Sequence Rules under 37 C.F.R. §§ 1.821-1.825.

Favorable action on the merits is respectfully
requested.

Respectfully submitted,
YOUNG & THOMPSON
